Past performance is not a reliable indicator of future performance and averaged annualised rate for the week ending 31.3.18 assumes reinvestment of income and funds held for 12 months. Performance is after fees and charges. Tasmanian Perpetual Trustees Limited recommends that you seek independent professional advice that takes into account your investment objectives, financial situation, particular needs and/or other personal circumstances, before making any investment decisions. Tasmanian Perpetual Trustees Limited, MyState Limited and MyState Bank Limited do not guarantee the repayment of capital or the performance of the Fund or any particular rates of return from the Fund. A mortgage fund investment is an equity investment in a managed investment fund, and is not a bank deposit. Accordingly, there is a higher risk of losing some or all of your money than is the case with a bank deposit. In respect of withdrawal periods, withdrawal rights and investment periods, please note that whilst we expect to meet redemption requests within the periods stated, these periods may be longer subject to the nature of the assets of the particular Fund, the particular Fund's liquidity, the Fund's constitution and the Law.
